

CAREER OPPORTUNITY

Manager of Investment Services

Are you a driven financial professional with a passion for leadership and a knack for investment planning? Vermilion Credit Union is looking for a Manager of Investment Services to lead our Wealth Management department and help our members achieve their financial goals.

In this pivotal role, you'll be responsible for overseeing a range of wealth management services while ensuring compliance with policies, procedures, and regulatory guidelines. You'll play a key leadership role, managing and mentoring our Financial Service Advisors and Finance Clerk, while serving as the primary liaison with Aviso Wealth.

As a leader in our team, you will:

- Provide expert financial planning advice and solutions tailored to our members' needs
- Lead the education, development, and performance management of staff within the department
- Drive sales campaigns and promotions that support our member-first, service-oriented culture
- Offer technical guidance and support in the areas of investment, deposit products, and financial planning
- Champion our values, mission, and the cooperative principles that define Vermilion Credit Union

To thrive in this role, you'll need a deep understanding of wealth management services, a collaborative mindset, and a commitment to delivering outstanding member experiences.

Why Join Us?

At Vermilion Credit Union, we're not just about numbers — we're about people. We offer a dynamic and supportive work environment, ongoing opportunities for professional growth, and the chance to make a real impact in the financial well-being of our community.

Ready to lead with purpose? Apply today and become a valued part of a trusted financial institution that puts members first. We're accepting applications until **June 6, 2025**.
