

Via our App

- Install and setup the Vermilion Credit Union App.
- Scroll to pay two and tap “settings”
- In settings, scroll down and tap “Setup Apple Pay”
- You’ll now be asked to choose a debit card to add. The card linked to your account should appear automatically.
- After selecting the card, press next. The Terms and Conditions will appear.
- After reviewing and accepting the Terms and Conditions, your card will be added to your Apple Wallet.
- Tap “Next” and choose whether to set this as your default card. Choose whatever works best for you. Your setup is complete!
- To pay, unlock your phone and open the wallet app, or just double-tap the power button. Use Face ID or your phone passcode, then hold your device near the terminal.

Via Apple Wallet

- Open Apple Wallet
- Tap (+) icon to add card
- Tap Debit or Credit Card and Continue
- Take a picture of the card with phone or enter the card # manually.
- Check that card info is recognized correctly.
- Accept Issuer Terms of Service
- Complete Card Verification by one of the methods listed (text message, email, verify with VCU app, call to verify).
- Confirm card was successfully added to wallet.
